

Your Trusted Partner in Agriculture

OTR's agricultural tires and wheels are built on decades of experience, innovation, and a hands-on approach to ensure maximum productivity and durability in the field. From light- to heavy-duty tractors, harvesters, sprayers, trailers, implements, and pivot irrigation, we offer solutions for everything the farm demands season after season.

Why choose OTR? Because we make your life easier with:

- **Comprehensive Expertise:** 35+ years of experience in agriculture, lawn & garden, construction, mining, forestry, powersports, and more.
- **Innovative Products:** Solid and foam-filled tires, run-flat designs, tracks, assemblies, and 125+ proprietary tread designs and 80+ patents under our belt.
- **Global Presence:** 30+ facilities worldwide supporting 1,300+ employees.
- **Customer-Centric Focus:** 15+ year average tenure with top-tier clients.

***Making Customers'
Lives Easier®***

TIRES

- **Traction & Field Tires:** Options like Traction Master, Field Master, Crop Master, and Crop TracX deliver aggressive tread, self-cleaning lugs, and superior grip on wet, muddy, or uneven terrain.
- **Turf & Utility Tires:** TR-34, Lawn Trac, LiteFoot Pro, and LiteFoot G1/R1 provide stability, flotation, and minimal soil compaction for tractors and mowers.
- **Irrigation Tires:** Rainmax, Rainmax H2O, and Rainmax N/D are engineered for pivot irrigation systems, offering reinforced sidewalls, UV resistance, and excellent traction on wet ground.
- **Implement & Trailer Tires:** I-1 Rib Implement, Bushmaster Rib, and ST Trailer tires feature heavy-duty construction and stubble guard technology for durability and long service life.

WHEELS

- **Standard Implement Wheels:** Steel wheels from 12"–28" for a variety of implements; available in multiple colors and bolt patterns.
- **Pivot Wheels:** Galvanized or painted wheels for irrigation systems with valve guards and corrosion protection.

TUBES

- Premium 100% butyl and natural rubber tubes extend tire life, reduce air leakage, and improve traction.
- Resistant to heat, moisture, flexing, and abrasion.
- Reinforced valve stem areas prevent pullouts under high loads.

ASSEMBLIES

- **Closing Wheel Assemblies:** Designed to close the seed furrow during planting.
- **Press Wheel Assemblies:** Built to ensure proper soil-to-seed contact.
- **Gauge Wheel Assemblies:** Provide accurate planting depth and stability.

OTR'S COMMITMENT:

SOLUTIONS

OTR doesn't just sell tires and wheels, we diagnose problems and provide solutions.

VALUE

OTR optimizes ROI with high performance and value-added services to deliver results.

INNOVATION

OTR has a passion for innovating solutions that exceed customer expectations.

PARTNERSHIP

We're not just a vendor, we're a long-term partner who will support your business.

Let's Work Together.

Experience the difference of engineered excellence with OTR.
