

Your Trusted Partner in Construction

OTR delivers construction wheels, tires, and tracks built for maximum durability and performance no matter the job. When you choose OTR, you benefit from decades of experience and world-class engineering to help you increase uptime, protect your equipment investments, and keep you working safely, and efficiently from start to finish.

And now with our expanded construction product lines and sizes, we can fit you with the right solution from loaders and graders to telehandlers and compact equipment.

Why choose OTR? Because we make your life easier with:

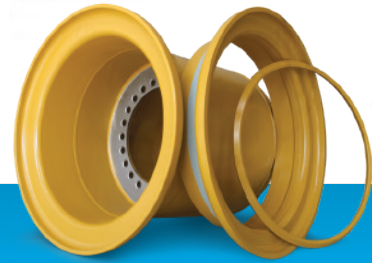

- **Comprehensive Expertise:** 35+ years of experience in construction, agriculture, lawn & garden, mining, forestry, powersports, and more.
- **Innovative Products:** Solid and foam-filled tires, run-flat designs, tracks, assemblies, and 125+ proprietary tread designs and 80+ patents under our belt.
- **Global Presence:** 30+ facilities worldwide supporting 1,300+ employees.
- **Customer-Centric Focus:** Focus: 15+ year average tenure with top-tier clients.

***Making Customers'
Lives Easier®***

TIRES

- LIFTBOSS® line spans all-terrain, telehandler, aerial work platform, and heavy duty applications. Specs and tread offerings vary by application.
- WORKBOSS® line spans applications for all-terrain, muddy and wet conditions, and more. Versatile directional and non-directional tread patterns available.
- Additional lines include MUDSHARK, SANDSTORM, TRACTION MASTER, GRADER TG, FORKBOSS®, HEATMASTER, SCISSOR LIFT, and more.

WHEELS

- Telehandler Wheels from 16.5 to 28 inches, one- to five-piece designs.
- Skid Loader Wheels from 12 to 17.5 inches, High-Strength Low Alloy (HSLA) grade steel.
- Truck-Mounted Forklift Wheels from 12 to 16.5 inches, 3-and 5-piece designs, HSLA grade steel.
- Loader Wheels designed for plug-and-play replacement, 25-inches.
- Backhoe Wheels from 16 to 24 inches, HSLA grade steel, maximum compatibility.

TRACKS

OTR offers TRACKBOSS® Rubber Tracks for a variety of machines in popular sizes and patterns, providing excellent wear life with continuous steel cording.

- Superior traction regardless of lug pattern or working conditions and environments
- Low vibration and noise for smoother rides and operator comfort
- Five unique tread patterns to suit specific applications and performance needs
- Lighter weight compared to steel tracks for minimal surface damage and better maneuverability

OTR'S COMMITMENT:

SOLUTIONS

OTR doesn't just sell tires and wheels, we diagnose problems and provide solutions.

VALUE

OTR optimizes ROI with high performance and value-added services to deliver results.

INNOVATION

OTR has a passion for innovating solutions that exceed customer expectations.

PARTNERSHIP

We're not just a vendor, we're a long-term partner who will support your business.

Let's Work Together.

Experience the difference of engineered excellence with OTR.
