Lives Easier®***

TIRES

- Tread patterns for a variety of applications, from turf-friendly to aggressive.
- Options for commercial and residential equipment, including mowers, garden tractors, and utility vehicles.
- Specialty compounds for wear resistance, cut resistance, or improved ride comfort.
- Sizes ranging from small implement to wide flotation for reduced ground compaction.

WHEELS

- Universal fit options for front (4–8 in.) and rear (8–16 in.) applications.
- Compatible with the most popular lawn, garden, and turf tire sizes.
- Steel or aluminum construction with multiple color options.
- Engineered with tight tolerances for superior fitment, stability, and durability.

NDX™

The Tire That Never Goes Flat

The OTR NDX™ is a run-flat tire solution designed for zero-turn mowers and turf equipment. Built to keep you moving, it eliminates downtime from flats while delivering a smooth, cushioned ride.

KEY BENEFITS:

- **No Flats, No Downtime:** Maintains productivity even after a puncture.
- **Low Maintenance:** No air pressure checks or emergency repairs required.
- **Durable Tread Options:** Turf-friendly patterns absorb shock for operator comfort while providing excellent traction and reduced ground compaction.
